Back to the Old Days

The days of yesteryear are already here in Heber City as local residents and tourists can ride the old steam locomotive — The Heber Creeper. The train's summer season begins May 29, with daily runs from Heber City to Bridal Veil Falls. Not only is there an op-

Canyon with pine trees, groves of aspen and fast-moving Provo River is spectacular. Train engineer Doug Brown steers the cars around a sharp corner on the approach to Bridal Veil Falls. For a complete story and pictures on the Heber Creeper turn to Page

Dissidents at Local 72 in Kenosha saw
their request for a new vote rejected Mon-
day by UAW President Douglas Fraser
and Secretary Treasurer Raymond Ma-
jerus.

About 200 union members called last
weekend for a new vote to be held concu-
rently with the Toledo ballot.

A union official there had said workers
opposed to the contract were angered that
Toledo union members were getting
another chance to vote on it.

There has been widespread dissatisfac-
tion because the contract does not
guarantee AMC's new model — the
Renault-designed Reliance — will be built
in Kenosha after the startup of production
later this year.
